Part II Course Details

1. Abstract

GE2402 Business Communication in English introduces students to the document types and communication styles used in business contexts internationally. This course aims to develop students' business communication competence in English, and to provide instruction in the skills necessary to communicate effectively in a team-based, technologically enhanced global business environment. The assessment includes e-mail writing, participating in a problem-based business meeting, persuasive writing, and a collaboratively written business plan, which includes a preliminary oral presentation.

2. Course Intended Learning Outcomes (CILOs)

A. Please specify the Gateway Education Programme Intended Learning Outcomes (PILOs) that the course is aligned to and relate them to the CILOs stated in Part II, Section 2 of this form:

	GE PILO	Please indicate which CILO(s) is/are related to this PILO, if any (can be more than one CILOs in each PILO)
	Demonstrate the capacity for self-directed learning	Students conduct research and write an investigative report
	Explain the basic methodologies and techniques of inquiry of the arts and humanities, social sciences, business, and science and technology	
PILO 3:	Demonstrate critical thinking skills	Students are required to analyse and evaluate the date that they collect during their research, and present the results persuasively to a well-informed business audience
PILO 4:	Interpret information and numerical data	
	Produce structured, well-organised and fluent text	Assignments one and three and fine consist of an individually-written document
PILO 6:	Demonstrate effective oral communication skills	Assignment Four is an oral presentation that summarizes the contents the investigative report
	Demonstrate an ability to work effectively in a team	Assignments four and five are collaborative and focus on cooperation and the distribution of duties to complete a project
	Recognise important characteristics of their own culture(s) and at least one other culture, and their impact on global issues	The assignment topics include international business projects and collaborations, and students are taught and required to show understanding of cross-cultural principles in relation to business communication
PILO 9:	Value ethical and socially responsible actions	Assignment two (business meeting) involves discussion of an ethics related project in business. Students are taught and required to show an understanding of ethical principles in business contexts
PILO 10:	Demonstrate the attitude and/or ability to accomplish discovery and/or innovation	The assignment topics involve issues and topics related to innovation and discovery in business

GE course leaders should cover the mandatory PILOs for the GE area (Area 1: Arts and Humanities; Area 2: Study of Societies, Social and Business Organisations; Area 3: Science and Technology) for which they have classified their course; for quality assurance purposes, they are advised to carefully consider if it is beneficial to claim any coverage of additional PILOs. General advice would be to restrict PILOs to only the essential ones. (Please refer to the curricular mapping of GE programme: <u>http://www.cityu.edu.hk/edge/ge/faculty/curricular_mapping.htm</u>.)

B. Please select an assessment task for collecting evidence of student achievement for quality assurance purposes. Please retain at least one sample of student achievement across a period of three years.
